### **THE TC GRANTS LEAVE TO PROCEED TO THE APPEALS LODGED BY THE CATALONIAN PARLIAMENT AND THE GENERALITAT AGAINST THE ELECTRICITY SECTOR ACT.**

The Plenary Meeting of the Spanish Constitutional Court has granted leave to proceed to the unconstitutionality appeals lodged by the Parliament of Catalonia and by the Generalitat against Act 24/2013, of 26 December, on the Electricity Sector.

The Court has resolved to serve notice of the foregoing appeal to the Congress, to the Senate, and to the Central Government, which have been granted a term of fifteen days in which to appear as party to these proceedings and submit their pleadings.

The granting of leave to proceed does not entail any decision whatsoever on the merits of the appeal, which the Court will examine shortly.
